

Dear Mike and Deanna Diggles

I hope this mail find you well!

First of all, I hope you and your family healthy, happy, well with everything and Tashidelek! I hope my sister now is much taller, I miss her. I wan to hug you very much. Dear uncle and aunt, I really miss you very much. Now I would like to report you about my situation.

I am well with everything, I miss you very much. Everyday, I look forward to meeting you. Can we meet someday? Thanks to your help, I can study in school and have such a good life. You are my god. I hope the god could bless me to pass the exam for a good higher-level school once again. I will do my best to get a good school report. Last semester, I am ranked the third in my class, but I will do my best to be ranked the 2<sup>nd</sup>. I hope I can get your remote blessing. In my family, I have my elder sister, brother-in-law and their two children. My parents died when I was very young, I couldn't even remember what my father looks like. My elder sister told me that my father loved me very much when I was very young. Every time, when my elder sister mentions this, I miss my father very much. When I was in Grade Two, my mother died of heart attack. She was sent to many hospital, but failed to be saved, and left the three children alone in the world, my elder brother, elder sister and me. My elder sister and brother loved me very much. They often ask me to study hard to repay you and all the people who give me support. In my family, my elder sister is the hardest. She looks like my mother to raise me up. In an effort to repay you and my sister, I will do my best to be good at my study. And I will never disappoint you and the people who support me. I hope you can continue to sponsor me, I beg you! Otherwise, I can't attend school. Oh, we will have one day off for national holiday. I learned that you don't have national day holiday, am I right? In our school, we have lots of performance to celebrate national day holiday, including singing, dancing and lecture competition, our class will organize lecture competition which I will participate in. My subject is I Have a Great Motherland. In the end, I always pray for your health and happiness. I also would like to say Tashidelek in Tibetan, and Thank You in English.

All the best!
